AR Notice CRP-17

For: County Offices

Counties Approved to Use Interim Conservation Plans for Certain Signup 26 CRP-1's

Approved by: State Executive Director

1 Overview

A Background

National Notice CRP-433 provided State and County Offices with the EBI level and access to lists of Signup 26 acceptable and rejected offers.

National Notice CRP-444 states that an approved conservation plan must be completed and signed before CRP-1 may be approved. Because of heavy workload in some areas, it may not be possible for NRCS to timely provide final approved conservation plans for those applicants that selected a CRP-1 effective date by October 1, 2003.

B Purpose

The purpose of this notice is to provide a list of approved counties to use the interim conservation plan, according to National Notice CRP-444.

2 County Office Action

A Authorization to use Interim Conservation Plan

County Offices listed below are authorized to use the interim conservation plan according to National Notice CRP-444:

Arkansas	Clay	Jefferson	Pulaski
Ashley	Cross	Lincoln	St. Francis
Boone	Desha	Lonoke	White
Chicot	Greene	Prairie	Woodruff

In writing conservation plans, if there is a disagreement as to the practice to be installed, follow 2-CRP (Rev. 4) paragraph 240A when modifying or changing the CRP practice.
